

Your buyer saves hundreds. The closing gets done right.

BetterClose handles title and settlement for less, with the same A-rated underwriters every other title company uses. Every fee itemized up front — no surprises at the table.

\$216

Typical savings at closing on a \$500k purchase — national example.* Less cash your buyer has to bring to the table.

WHO CLOSES YOUR FILE

One dedicated officer

One closing officer owns your file from title order to funding. Not a queue — the same person, start to finish.

Reachable in hours

Direct phone and email, with replies in under two hours during business hours. No bots, no offshore call centers.

Nothing hidden

Live status shows every milestone and who it's waiting on. You never call just to ask where things stand.

✔ Title ordered — Search complete — **Clearing to close** — Docs & signing — Funded & recorded

Live on every file — for you and your buyer.

WHY IT COSTS LESS

We automated the paperwork — not the people.

Software handles the search, document prep, and processing that traditional title companies bill as separate fees — so that layer of the bill is gone, not discounted. A licensed closing officer still reviews and closes every file. Lower fees are the price, not a promotion.

GETTING STARTED

Get an itemized estimate in minutes at betterclose.co/quote — no commitment. When the deal is ready, send the order to orders@betterclose.co; we confirm within one business day.

30,000+ closings · A-rated underwriters only · 50-state coverage

Underwriters include First American, AmTrust Title, Westcor, and CATIC — A.M. Best rated A or higher.

partners@betterclose.co · 1-800-316-9508 · betterclose.co/for-realtors

*Example purchase only — not a quote or guarantee. Actual savings depend on your buyer's loan, property, and location. "Typical" market ranges reflect our estimate of local pricing; savings are measured against the low end of that range. Recording fees — and, in states with promulgated or uniform rates, title insurance premiums — are set by the state and the same regardless of provider; we never count those toward savings. Directly licensed in 34 states; closings in the remaining states are completed via licensed workshare partners with the same BetterClose pricing and digital experience. BetterClose is a division of First National Title & Escrow.
